

The Citizens Collection Station is a gated area that contains four large roll-off containers for overflow trash and landscape materials. The Station is located east of City Hall, beyond the water tower and RV lot. A white access card is needed for entry to this area and each entry is recorded electronically. One white access card has been issued to each household; if an access card is lost, a replacement access card is \$20.00 for the card and will only be replaced once. **If the second card is lost you will be required to contact City Hall during business hours to access the gate for you remotely. The gate will only be remotely accessed once a month.**

The policies of The Station are as follows:

Residents will be allowed access to the garbage collection center 12 times in a calendar year without incurring additional charges, thereafter, a charge of \$15.00 may appear on your utility bill for each visit after the 12th use.

The Station will house roll-offs for the following purposes:

Grass and tree clippings: Grass clippings must be bagged and all **tree clippings must be cut into pieces no larger than 2 feet.**

Household Trash: Each roll-off is clearly marked. Please ensure you put trash in the properly designated roll-off. Do not leave any trash items on the ground around the roll-offs OR outside the gate as it will not be picked up with the roll-off when they are emptied.

****Items made of metal – this roll-off has been generously donated by Bobby Jarvis and all proceeds of the recycled metal will be donated to the RCVFD. If there continues to be household garbage and other non-metal items in the bin, the company that has so generously provided this bin will remove it and the RCVFD will no longer receive this donation.**

The following items will not be accepted:

- batteries
- carpeting
- furniture
- oil and oil filters
- pesticides and insecticides
- sinks
- tires
- toilets
- wet paint cans

***ALL CONSTRUCTION TRASH MUST BE HAULED OUT OF RANSOM CANYON**

It shall be unlawful for any non-resident to utilize the garbage collection station; he/she will be fined \$100.00. Any resident who gives their white access card for use of the citizen garbage collection station to a non-resident where it does not involve any direct services for the resident will also be fined \$100.00.
