[External] Application for Alderman Appointment Consideration - Ransom Canyon City

Council

Attachments:

CAE_CV_20230511.pdf

Ms. Quintanilla,

I hope this email finds you well. I am writing to express my interest in serving as an Alderman by Appointment for the Ransom Canyon City Council. As a dedicated professional with a strong background in accounting, business administration, and information systems, I believe my skills and experience would be an asset to the council.

I hold three degrees focused in Accounting: a Doctorate and Master of Science from Texas Tech University and a Bachelor of Business Administration from The University of Memphis. I currently serve as an Assistant Professor of Practice at Texas Tech University, where my primary focus is on accounting internal controls, information systems, and data analytics. More importantly, I believe my professional experience as a Financial Implementation Consultant with Tyler Technologies makes me uniquely suited to provide the council with significant value as a member. During my time consulting, I worked *exclusively* with local governments, including cities, counties, and other municipalities. This experience has given me an in-depth understanding of the budgetary constraints and unique challenges that governmental entities face. I am confident that my expertise in this area will help the City Council in making informed decisions to guide Ransom Canyon's growth and development.

As an Alderman, I would be committed to leveraging my knowledge and experience to contribute to the strategic implementation of the city budget, infrastructure, policies, and ordinances. I am eager to work collaboratively with the other members of the City Council and the Ransom Canyon community to make a lasting, positive impact on our city's future.

Please find attached my curriculum vitae (CV) for your consideration. I look forward to the opportunity to present my qualifications to the City Council at the June 13, 2023 meeting. Should my presentation include any specific materials or talking points, please let me know. If you have any questions or require further information, please do not hesitate to contact me.

Thank you for considering my application. I am excited about the prospect of serving the Ransom Canyon community in this capacity.

Sincerely,

Cary Allian Evans

3.5 EXPERIENCE

OJD Engineering provides construction management services on virtually every project we design, in addition to providing such services on a contract basis. These services include construction inspection, review of contractor submittals and shop drawings, review and approval of contractor pay applications, final project approval, project closeout, and similar construction management tasks. With the exception of the Cactus wastewater treatment plan project, all of the projects listed below are OJD Engineering designs. For that project, OJD provided selected design services, but provided all construction management services for all project phases.
